### LIQUIDATION WAS HEAVY

STOCK PRICES RECEDED RAPIDLY UNDER SELLING PRESSURE.

Only One Small Point of Strength in the Entire List-Local Trade Helped by Cold Weather.

At New York, yesterday, money on call was easy at 1%@2 per cent.

Prime mercantile paper, 31/2@41/4 per cent. business in bankers' bills at \$4.87% for deand \$4.83% for sixty days; posted rates, \$4.8414@4.88; commercial bills, \$4.83@ 4.831/2. Silver certificates were 631/2@65c; bar silver, 61%c; Mexican dollars, 48%c. Bar silver at London was higher, at 28 9-16d an

The realizing of speculative profits proceeded steadily yesterday at a resulting decline of prices. The only variation from the downward course was due to purely technical causes. Even the opening advance was largely due to manipulation, which began in the London market on cabled orders from here before the market in New York opened. The general steadtness in the London market helped this purpose. The rapid recuperation in the condiwithdrawals from the market by the bank, points to an early reduction in the Bank of England rates. The opening prices of stocks here proved in most cases to be the ghest. The weakness of the steel group, which began at the opening, was a disapcintment for those speculators who had ed that the group would assume the dership of a new advance in prices because of the strength shown by the leadday's advance proved sufficient to bring in buying orders, and the speculative backers of these stocks seemed indisposed to offer very vigorous support. The coterie which bought stocks on Monday was credited with heavy selling to realize, and there were large selling orders all day, which were attributed to Chicago account. The reported illness of the largest individual 30 cars. Oats: No. 2 mixed, 2 cars. operator in the street, who has been supsed to be long on stocks, had considerable influence on sentiment, but the real attract any renewed outside speculation, as clearly demonstrated by the marked decline in the activity in the market. Some attention was given to the reports of friction between the English and Russian admirals in Chinese waters. The day's statement of treasury operations reflected the payments on account of gold withdrawn from the assay office for export, which more than wiped out the week's previous gain by the banks. A notable feature of the current money situation is the heavy reflux of national bank notes. The average per working day previous to this month was a little over \$420,000, while this month thus far the average is considerably over \$700,000 per working day. Experience shows that this return movement of bank notes is likely to continue heavy during February and March, and in view of the expansion under the new law of about \$95,000,000 in national bank note issues it is likely to be aggravated this year. The limitation of \$3,000,000 per month as the maximum allowed for retirement of bank notes remains in the law and will act as an obstacle to the contraction of circulation. Extreme declines reached 4½ in St. Paul, 41/4 in Brooklyn Transit, 27/4 in Steel and Wire, 21/4 in Federal Steel and Manhattan, 2% in Northern Pacific, 2% in Great North-ern preferred, 2% in Sugar and from 1 to 2 in a large number of stocks. Kansas & Texas preferred made some show of

The bond market was reactionary i spots, in sympathy with stocks, but advanced at others. Total sales at par value were \$3,675,000. United States new fours advanced ¼ per cent. on the last call. Following are the day's share sales and

WHEAT STILL ADVANCES

Corp Fractionally and Onts a Shade Higher - Provisions Distinctly

CHICAGO, Jan. 24.-Wheat advanced 1/2 sc to-day under the influence of smaller receipts. Corn closed a shade and oats 1/401/40 Provisions at the close were 10@15c

May wheat opened \@\4c lower, at 74\/c, influenced by Liverpool cables, which ignored the advance here yesterday. While the Liverpool market was again open, business there was at a standstill, and this condition had much to do in the dullness which pervaded the local pit during the forenoon. There was some fairly important buying by bulls on the falling off in Northwest receipts, but scalpers were bearish and did most of the selling, the market thus being confined to local hands. May rallied during the forenoon to 75c, but trade was dull. Later trade was more active, some early sellers covering because of lighter receipts at primary Western points and seaboard clearances of 799,000 bu in wheat and flour. May ascended to 75%c and closed strong, 1/2 @%c up, at 754c. Primary receipts were 380,000 bu, compared with 319,000 bu last year. Minneapolis and Duluth reported 216 cars, against 318 last week and 261 a year Local receipts were thirty-four cars, none of contract grade. Exporters reported eight loads taken.

Corn was moderately active. The wheat strength was accountable, in a measure, for the firmness, but the market also showed considerable independent strength. There was enough selling to have developed weakness had there been any, but liberal offerings were well taken. Shippers were fair buyers and there was a good cash demand, while the country movement was reported slow. May sold between 38%@39c and closed a shade higher, at 38%c. Receipts were 364 cars.

Oats were a strong but a narrow and Sympathy with wheat and corn was the chief factor. May sold between 25c and 254c and closed 1/404c higher, at 251/4@251/4c. Receipts were 169 cars. Provisions were dull, narrow and bare of features. The opening was steady, in sympathy with higher hog prices, but moderate selling by longs developed weakness and prices fell off later. May pork sold between \$13.971/2 and \$13.80 and closed 15c lower, at \$13.80; May lard between \$7.421/200 7.45 and \$7.371/2. closing 5@71/2c down, at \$7.371/2, and May ribs between \$7.05 and

\$6.971/207, with the close 5c depressed, at ears; corn. 370 cars; oats, 210 cars; hogs, Leading futures ranged as follows:

him, but he is both liked and respected. His promotion to the Senate attests that. What a resting, refreshing change he wil be, after Pettigrew!

FEARLESS AS DANIEL OF OLD.

Roosevelt. Figuratively. Enters a Lion's Den and Kills a Wild Beast.

MEEKER, Col., Jan. 24.-News direct from the Keystone ranch, at which place the Roosevelt hunting party is stopping, of January twelve grown mountain lions three kittens and eight lynx cats were killed. On Saturday last the party had quite an exciting adventure with one lion The lion was held captive by and was fighting with the whole pack of hounds. The hunters were trying to get near enough to the animal to kill it with their knives when it seized one of the dogs by the jaw. Colonel Roosevelt shoved the breech of his gun into the lion's mouth, holding the gun by one hand, with the other striking the lion a death blow with his knife. His gun shows the marks of the lion's teeth. All the grown lions were killed with the knife. The Governor has decided to stay for another two weeks.
